| EPCOR Retail Price | \$36.00 each  | \$39.00 each |

Don't forget to order copies of the Rules for additional staff members! Each printed edition of the 2018 ACH Rules includes a set of Rulebook Tabs to quickly identify the sections you reference most frequently.

An ODFI "best practice" is to provide the current ACH Rules to each Originator. Relying on an outdated version will be confusing and could potentially affect compliance.

**\*New for 2018:** Expanded electronic options offer great savings! CDs will only be available throughout this pre-print offer. NACHA and EPCOR will not be printing CDs after the deadline.

ACH Rules Online is an electronic version of the printed book. The site has been upgraded with HTML 5 formatting, allowing for enhanced search, bookmarking, copy/paste and printing functionality. Subscription access to the ACH Rules Online runs from January 30, 2018 through January 30, 2019. NACHA will discontinue the CD version beginning in 2018.
