Don't forget to order copies of the Rules for additional staff members! Each printed edition of the 2018 *ACH Rules* includes a set of Rulebook Tabs to quickly identify the sections you reference most frequently. An ODFI "best practice" is to provide the current *ACH Rules* to each Originator. Relying on an outdated version will be confusing and could potentially affect compliance.

ACH Rules Online is an electronic version of the printed book. The site has been upgraded with HTML 5 formatting, allowing for enhanced search, bookmarking, copy/paste and printing functionality. Subscription access to the ACH Rules Online runs from January 30, 2018 through January 30, 2019.
