

How to put the 2019 EPCOR EDUCATION CLUB to work for you!

Whether your organization has one employee or twenty, the EPCOR Education Club allows you to maximize your training budget and meet your educational goals with a flexible, points-based system. The Education Club is comprised of three levels - Gold, Silver and Bronze - each with its own point value and associated discount. Choose from the Gold package with 93 points, a Silver package with 45 points or a Bronze Package with 24 points and then put those points to use for events like *EPCOR Payments Conference - Spring or Fall 2019*, *Payment Systems Update* and webinars.

The pricing structure allows Education Club members to utilize Education Club points for *EPCOR Payments University* and any other new seminars EPCOR offers in the future. The only exclusions will be the AAP, APRP and NCP prep courses and other select EPCOR events. The Points Stretcher* feature allows you to purchase extra points as needed for \$22.50 per point, a 10% discount.

Below are some suggestions of how you might put the EPCOR Education Club to work for you, however the possibilities are truly endless! For more information on the EPCOR Education Club [click here](#) or visit www.epcor.org.

*The Points Stretcher option is only available to members who have purchased a 2019 Education Club.
Please Note: 2019 Education Club Points may only be used toward 2019 learning events. Points may not be carried over to the following year.
